

Kay Miller and Thomas Phifer Exchange Vows in Ceremony at New Lenox Methodist Church

The New Lenox Methodist church was the scene on Feb. 25 of the marriage of Miss Kay Frances Miller, daughter of the Rev. and Mrs. Ralph Miller of Rockford, formerly of New Lenox, and Mr. Thomas Phifer, son of Mr. and Mrs. Frank Phifer, 325 Eastern ave., Manhattan. The Rev. George Martin and the Rev. Mr. Miller officiated at the single ring ceremony performed at 4 o'clock.

Two large bouquets of pink and white carnations decorated the church altar, as well as palms and two candelabras which were lighted by the ushers. Larry Cullison, organist, accompanied Vernon Miller, uncle of the bride when he sang, "On Promise Me." At the close of the ceremony as the couple knelt at the altar, the Rev. Mr. Miller sang, "The Lord's Prayer."

Given in marriage by her father, the bride wore a gown of Chantilly lace over satin, princess fashion, featuring a scalloped scoop neckline, empire bodice, and long tapering sleeves. The bouffant skirt was worn over a Dior hoop, and ended in a chapel train. Her fingertip veil of French illusion net was held in place by a Dior headpiece of lace. She wore a single strand of pearls, a gift of the bridegroom, and she carried a colonial bouquet of white carnations.

Miss Delores Marston served as maid of honor. She wore a ballerina length gown of bon-pom pink nylon net styled with a tiered skirt and lace straps. The bolero jacket featured a stand up collar, and her headpiece was a pink velvet flowered cloche with matching

veil. Her nosegay was of pink carnations trimmed with lace and pearl ear rings were a gift of the bride.

Larry Phifer, brother of the bridegroom, was best man. Ushers were Paul Padzuikas and Charles Elliott, Jr.

For her daughter's wedding, Mrs. Miller chose a dress of black sheer crepe with white linen collar and cuffs and black accessories. Her corsage was of white carnations. Mrs. Janet Wright, grandmother of the bride wore a rose crepe dress with navy accessories and a white carnation corsage.

More than 200 guests attended the reception held immediately afterward in the church dining rooms. The cake table was covered with a white damask cloth and centered with a four-tiered cake. Flanking the cake were silver candelabras holding white tapers. The other tables were similarly decorated.

Assisting at the reception were, Mrs. John Francis, who cut the cake; Mrs. Charles Elliott, Jr. presided at the coffee urn, and Miss Kathleen Delaney at the punch bowl. The Misses Kathy and Karen Miller, sister of the bride had charge of the gift table, and guest book. They all wore white carnation corsages.

For an undisclosed wedding trip the new Mrs. Phifer was wearing a navy blue suit with white trim, navy accessories, and a corsage of white carnations. A 3-c Phifer of the U.S. air force is on 30-day furlough awaiting overseas assignment. The bride who had been employed at the Travelers Insurance Co., in Chicago, plans to join him at a later date.

Out of town guests were from, Rockford, Morris, Plainfield, Manhattan, Frankfort, Mokena, Montgomery, Joliet, Aurora, New Lenox, and Westport, Conn.

Weddings, Engagements, Clubs, Women's Activities

Tinley Woman's Club to Sponsor New Brownie Troop; Name Leader

The February meeting of the Tinley Park Women's club on Wednesday was opened with the pledge of allegiance and the posting of the colors by members of Girl Scout troop 335. This troop is sponsored by the Woman's club and led by Mrs. Phillip Bruckbauer.

At the business meeting, with Mrs. Vonia Miller presiding, the club voted to sponsor a new Brownie troop under the leadership of Mrs. Robert Rich. The amendments to the club by-laws were proposed and accepted and contributions were made to the Library and Heart funds.

The program of "Fur Facts" was presented by Mrs. Himmelman who is well qualified to talk on the subject being the fourth generation of I. Himmel & Sons to operate the well

known Chicago firm. He gave pertinent facts on the purchase and care of fur garments and an award of a mink collar to Mrs. Charles Wallin who held the very lucky number.

A Washington birthday motif, an arrangement of branches and red cherries, formed the centerpiece on the tea table presided over by Mrs. Lewis Shawver and Mrs. Harry Delfs. Mrs. Richard Freund was hostess chairman, assisted by Mrs. Melvon Rensink, Mrs. Edgar Miller, Mrs. Charles Nielsen, Mrs. Joseph Lebowitz and Mrs. Fred Nitsche.

The girl scouts taking part in the opening ceremony were: Suzanne Watkins, Louise Francis, Twalla Johnson, Maureen Philipo and Sharon Anast.

Liederkrantz Chorus Prepares For Concert

In order to keep alive the memory of the founders of the Liederkrantz, that group of song-loving people who settled in Blue Island-the majority from across the ocean in search of freedom and better living back in the 1850's-the present group still gather together singing songs to pass the time and bring good cheer to other.

The name Liederkrantz is derived from the combination of two German words, Lieder, meaning songs and kranz, meaning a wreath or circlet.

At first the group was composed of male singers only; later women were admitted and a mixed chorus was formed. The chorus is now preparing the program for its annual concert, the date of which will be announced later.

Music lovers between the ages of 16 and 100 are invited to attend the rehearsals on Tuesday evenings at 8 o'clock on the second floor of Eagles hall, under the direction of the talented conductor, Naomi West-Smith.

The chorus includes singers from Harvey, Blue Island, Chicago, Dolton, Evergreen Park, Flossmoor, Midlothian, Oak Forest, South Holland, Illinois and Hammond, Ind.

Mokena Man Weds Palatine Girl; Both Attending College

Mr. and Mrs. John W. Morris of Palatine are announcing the marriage of their daughter, Susanne to Jack Martie, son of Mr. and Mrs. Willard Martie, Third st., Mokena. The couple who are students in the Milliken university at Decatur, were married Jan. 14, and have gone to house-keeping in an apartment at 1124 W. Decatur st., Decatur.

Mrs. Martie who was a member of the sophomore class has discontinued her studies but Mr. Martie, who is majoring in chemistry is continuing his studies and hopes to get his master's degree. The new Mr. and Mrs. Martie spent the week end with his parents in Mokena.

Bremen Home Unit Installs Officers

Decorating walls was the topic of discussion at the Feb. 23 meeting of the Bremen Home Bureau unit which met at the home of Mrs. William Kopp with Mrs. Evelyn Holup as co-hostess.

Home advisor, Mrs. Claradehl Upham, lead the discussion on new interior wall paintings, showing proper method of using same. Displayed were typical wall-paper patterns, washable coatings and regular surface paper.

Mrs. Adeline Rizzuti, past chairman was installing officer as the following were installed: Mrs. Richard Freund, unit chairman; Mrs. George Smith, vice president; Mrs. John Carpenter, secretary-treasurer.

Guests were Mrs. Andrew Bartholomew and Mrs. Sidney Feiwel. The March 23 meeting will be at the home of Mrs. Betty Hult, 17235 S. 69th ave. with Mrs. Mimi Hosking as co-hostess.

Zion Lutheran Mission Guild

The Zion Lutheran Mission Guild met Feb. 20 in the parish hall. Norma Hayes gave the scripture and prayer. The following guests were present: Mesdames Betty Gager, Doris Simenson, Thomas Collen, Dorothy Keuch, R. C. Hill, Carolyn Dek, Ralph Biglow and Lois Lawrence. The Rev. H. C. Stephens from the Good Shepherd Mission in Robbins, gave a very interesting talk on his church and missions.

Plans are being made for the confirmation reunion dinner. A demonstration will be held by Ann Herre and Dorothy Wheeler for the members of the Guild with proceeds to go to the Zips. Plans for the Lutheran World Relief clothing drive will be made at the next meeting.

Refreshments were served by Ann Herre and Dorothy Wheeler, the table decorations followed the theme of Washington's birthday, cherries, cherry trees, etc.

ANNOUNCE ENGAGEMENT

Mr. and Mrs. John Blume of Tinley Park announce the engagement of their daughter, Dolores to Mr. Virgil Egdorf of Crete, son of Mr. Louis Egdorf and Mrs. Evelyn Egdorf. No date has been set for the wedding.

Some say "Contributors don't know where their money goes." Each year a national Red Cross audit is made by the Department of Army and submitted the Congress. Every local chapter publishes an annual report of both its services and monies paid out-free for the asking.

St. George Altar and Rosary Group Host to Women's Council

The Altar and Rosary society of St. George's church recently was host at the South Cook County District February meeting of the Archdiocesan Council of Catholic Women. There were approximately 115 in attendance, including Rev. Thomas D. O'Connell and Rev. James W. McKeown, host pastors; The Very Rev. Mons. Thomas J. Fitzgerald, executive director of the council; the Right Rev. Walter Croarkin, priest advisor, Mrs. R. J. Roberts, vice president of the district and Mrs. Ed. Wiable, president of St. George's Altar and Rosary Society.

Father O'Connell, as host pastor, welcomed the guests and the following district chairman gave reports on accomplishments of Catholic Action:

Miss Peggy Roach, executive secretary, Our Lady's Volunteers; Mrs. Willis McNelly, Crete, literature and library chairman; Mrs. Thomas Shields, Dalton, spiritual development; Mrs. Lorraine Miller, Markham, medical missions; Mrs. William Slobig, Homewood, discussion groups; Mrs. Charles Angner, Park Forest, girl scout activities; Mrs. Raleigh Bagby, Tinley Park, Our Lady's Volunteers.

Mrs. Paul Corbett, president

of the South Cook County District, who presided over the meeting, introduced Mrs. Peter Joyce, A. C. C. F. president, who gave a very interesting talk on Catholic Action.

The meeting was followed by a lovely social. The host table was set with a beautiful statue of the Madonna and lovely arrangements of white gladiolus snap dragons. The other tables were decorated with candles and beautiful flowers. Mrs. Marie Lebowitz, chairman of the meeting, and her committee, Mrs. Ellen Funk, Mrs. Fran Simon, Mrs. Monica Kreten and Mrs. Rita Wilkens received many compliments on the success of the affair.

On Feb. 22, The Altar and Rosary society of St. George's church held a day of recollection. The day started with mass and communion. The rest of the day was spent in prayer, listening to talks by Father Kevin McHugh, question and answer discussions, and meditation. Father McHugh was a classmate of Father McKeown and he conducted an interesting conference. Breakfast and lunch were served in the school hall.

Rita Werner and George Wagner to be Married March 10

Mr. and Mrs. Frederick Werner of Mokena are announcing the approaching marriage of their daughter, Rita, to George Wagner, son of Mr. and Mrs. Arthur Wagner of Tinley Park. The wedding will take place Saturday, March 10 at 7 p.m. in the Mokena Methodist church with the Rev. E. Dale Kleinschmidt, officiating. The reception will follow in the VFW hall on Wolf road. All friends and relatives are invited to both the ceremony and reception.

VFW Auxiliary

Veronica Russell and Adele Wojciechowski were welcomed as new members at the recent social meeting of the Bremen VFW auxiliary. It was reported that Michale Ewers, hospital chairman, Gladys Elliott, Eleanor Larimore and Mathilda Steinhagen made their regular monthly hospital visit.

Mrs. G. Mattson, Americanism chairman and Mrs. Mary Maxwell gave a summary of the Patriotic conference which they attended the previous week.

Ways and Means chairman, Ruth Rump, stated that the Auxiliary will be in charge of the food and checkroom at the St. Patrick's day dance.

Gladys Elliott, Bessie Seelye, Mary Maxwell attended the 3rd district school of instruction. Ann Morrison and Ida Haber served refreshments. The next meeting of the auxiliary will be Tuesday, March 6.

Women's Clubs of Will County Hold Meeting at Marley

The league of Will County Women's clubs held a project day in the Marley church Tuesday with 65 present.

Mrs. Floyd McMillian, Chanahan, opened the meeting at 10 a.m. Mrs. Alice Spangler, Lockport, secretary and Mrs. Howard Ayers, New Lenox, treasurer gave their reports.

Mrs. J. Strachen of the Joliet Three-Way club, chairman of the Project day, demonstrated the making of short bread; Mrs. Ed. Morris showed how to wrap gifts; Mrs. Mary Sweetwood, Jackson, cake decorating; Mrs. John Hubler, Mokena, making jewelry of straw flowers; Mrs. Charles Johnson, Florence, beauty aids.

Mrs. Adella Sporat, Marley led in community singing. The Hadley Mothers club served the noon dinner.

PTA News

The executive board of Tinley Park PTA met Monday evening in the school to hear committee reports; discuss and plan for the forthcoming school lunch program and additional purchase of coffee-making equipment; and just what part the PTA will have in the forthcoming WTTW, Channel 11 financial drive, dated for March 11.

Hospitality chairman, Mrs. Goodrich Shantz announced arrangements were completed for the meeting of the Southwestern

**Good Neighbors
Banish Troubles**
William Underwood, 34, who
lives on the former Hobbs farm
in Lockport township, has dis-
covered the truth in the
saying that troubles do not come
singly. He also knows at first
hand that "good neighbors" is
not just a catch phrase.
Underwood, who is employed
at the Delese and Shepherd
quarry near Chicago, was in-
jured while at work. A weld
flash blistered the underside of
an eyelid.
After receiving treatment he
returned home and was doing
his chores when 10 feeder cat-
tle—Herefords—escaped from
the yard and scattered in all
directions.
Underwood and some neigh-
bors tried to round up the ani-
mals with tractors and cars, but
without success. The next day,
while he was at the doctor's
office for treatment of his eye,
a group of neighbors started off
on horseback and succeeded in
rounding up nine of the strays.
But one of them, an animal
weighing about 400 pounds, is
still at large. It is a white face.

(Fortieth Anniversary)
Mr. and Mrs. Walter Konow
celebrated their fortieth wed-
ding anniversary by holding an
"open house" for their friends
and relatives Sunday afternoon
and evening, Feb. 19. 130 guests
attended, coming from Niles,
Mich., Joliet, Lockport, New
Lenox, Frankfort, Orland Park,
Lemont, Hinsdale and Homer.
Cafeteria supper was served
throughout the afternoon and
evening, from a lace covered table
centered with a large bouquet
of red and white carnations.
Assisting with the serving were
Mrs. Peter Wies, Mrs. Howard
Ott, Mrs. Edward Daley, Mrs.
Clarence Wies and Mrs. Roger
Meyer. The guestbook was in
charge of Miss Barbara Wies.
The attendants at the forty
year ago wedding were Mrs.
Fred Hilbert (nee Minnie Ko-
now) and Walter Jungles. Both
were present for the celebra-
tion.
Mrs. Ralph Waldvogel enter-
tained at a post-nuptial shower
in honor of Mrs. Warren White,
in her home, Friday evening,
Feb. 24. A large number of re-
latives and friends attended and
the bride received many lovely
gifts.
Mr. and Mrs. Fred Pederson
are the parents of a son, born
Feb. 9, in Silver Cross hospital.
Mr. and Mrs. Lewis Barr are
the parents of a daughter who
arrived in St. Joseph's hospital
Friday a.m., Feb. 24.
Frank Townsend, Joyce Purdy,
Merritt Cagwin, Robert Burch
and Bruce Anderson motored to
Peoria Monday to attend a meet-
ing sponsored by the Farm Bur-
eau, where more than 8000 peo-
ple listened to a discussion of
the farm bills which are pend-
ing in Congress.

Sandburg, Bremen and Reavis Fives Lose

Eagles Drop Heartbreaker In Overtime

Sandburg's basketball team lost a heart-stopper in an overtime game in the Riverside-Brookfield regional tournament Monday night at Riverside.

Eagle fans had settled back in their seats with a fairly comfortable feeling as the third quarter ended with Sandburg leading by 12 points and quick points in the closing period increased the margin to 17. And then, blowie!

Riverside-Brookfield went into a press that tied the Eagles up tighter than the proverbial drum. At the same time, Riverside-Brookfield began hitting and scored 16 points to Sandburg's 7. With just seconds to go, Wayne Givens scored with a jump shot to tie the score at 48 and force the contest into overtime.

The Eagles had a chance to rack up two points on a one-and-one free throw deal in the overtime but missed. Riverside-Brookfield grabbed the ball and kept control until the final three seconds when Ron Buecking cut loose for a basketball. Before Sandburg could work the ball down far enough to take a shot the game was over.

It was a tough one for Sandburg to lose. The Eagles led 12 to 8 at the end of the first quarter, 27 to 15 at the half, and 44 to 32 at the end of the third period.

BREMEN LOSSES

Bremen high cagers took it on the chin Monday night in the regional tournament at Joliet. Bremen played the first game of the tournament, opposing Joliet Catholic high.

Bremen looked very good. It had only won six games during the season, beating Lincoln-Way, Evergreen Park and Argo twice, as against 11 defeats. But in the regional Monday night, Bremen played a good brand of ball against a team that is rated among the first 25 in the state.

Catholic high had a seven point lead at the close of the first period, 22 to 15 and at half-time still had Bremen breathing down its neck. The score at half-time was 40-32 for Catholic high. At the close of the third period the victors had increased their lead two points, 58 to 48 and the final count of 76 to 63 gave Catholic high a 13-point edge.

LAGRANGE BEATS REAVIS

Reavis, another entry from the Southwest Suburban conference at the Riverside-Brookfield tournament lost to one of the top favorites in that meeting, LaGrange. The final score was 59-44.

LaGrange started out in such a determined manner that LaGrange root-ers were frankly worried. Apparently the Reavis crew had not read LaGrange's press clippings because at the end of the first period the favorites were only leading 10 to 9 and at the close of the half LaGrange was on top by a count of 24 to 21.

But the roof fell in on Reavis in the third frame. Reavis was able to score but four points in the period while LaGrange rang up 15 to take a lead of 14 points, 39 to 25.

It was just as well for LaGrange and the experts that the third quarter ended that way and thus prevented a possible epidemic of heart ailments in the concluding period. The last quarter was pretty much even—Steven—LaGrange counted 20 tallies and Reavis 19. The final count was 59-44.

Eagles Win District Tournament With Victories Over Evergreen And Lincoln-Way Basketeers

The highly favored Carl Sandburg Eagles won their own district basketball tournament last week. A bye and victories over Evergreen Park 69-53 and Lincoln-Way 76-51 tells the story. The tournament opened Wednesday night in Sandburg's gym. The winless Evergreen Mustangs pulled the surprise of the tourney by winning their first game of the year by upsetting Morgan Park Military Academy by a 58 to 53 score.

This was the Mustang's first victory after 20 straight losses and followed two regular season defeats by the Cadets of Morgan Park Rinehart Uidl of Evergreen Park helped his teams cause greatly by dumping in a total of 32 points.

In the semi-final game on Thursday night, Evergreen Park pressed the highly favored Sandburg Eagles who had soundly trounced them only one week previous-right down to the wire.

Altho Sandburg built up an early lead and led all the way, the Mustangs were able to pull within six points near the end.

Several quick baskets turned the game into a rout, with Sandburg on top 69-53.

Lincoln-Way then took the court against Lemont in the other semi-final game. Each team had defeated the other in previous games this year so

this one was supposed to be a toss up. Morris Wade of Lincoln-Way made sure his team reached the finals as he exploded for 36 point-high for the tournament as he paced his team to a 72 to 51 victory over Lemont. Wade received a very fine ovation from the crowd for his performance. Lincoln-Way played much improved basketball over recent appearances.

In the championship contest on Friday night, Lincoln-Way jumped into a good lead in the first quarter but Sandburg's Eagles fought back to trail by only four points as the period ended. A strong closing finish near the close of the second quarter enabled the Eagles to catch and pass Lincoln-Way for the first time and take a half time lead of 34-28.

The game remained close thru the third quarter as Sandburg worked to extend its lead and Lincoln-Way fought to close the gap, but couldn't quite catch up. The Eagles poured on the coal in the final quarter to score 25 points while holding Lincoln-Way to seven to post a final 76-51 triumph. Morris Wade was again a game standout as he racked up 12 baskets and 3 free throws for a final total of 27 points mainly on set shots from the corner. His two game total was 63 points. Paul Ped-

juikas lent valuable support as he dunked seven field goals and two free throws for 16 points.

Ron Weingartner, dumped in 8 field goals and 14 free throws for a total of 30 points, high for the championship game. He was ably assisted by Don Gee who got nine field goals and two free throws for 20 points. Dave Anderson, steady senior forward chipped in 13 points. Sandburg was called for a total of 17 fouls while Lincoln-Way was charged with a total of 18. Schellenberg was the only player who departed from the game via the 5 foul route. In presenting the championship trophy to the Sandburg team, Supt. W. O. Fisher, tournament manager, paid tribute to the improved play of the Lincoln-Way quintet.

As a result of their victory, the Eagles advanced to the regional tournament at Riverside-Brookfield.

Five Sandburg seniors played before the home audience for the final time, Ron Weingartner and Don Gee, co-captains and all southwest conference team members Dave Anderson, Bob Kaehr, and reserve guard Dave Busch. With a 19 and 6 record, the Eagle squad deserved the commendation and applause they received on behalf of the district trophy.

L-W Varsity Basketball Team to Play Faculty in Benefit Monday

With regular season play ended and no tournaments to prey upon their minds, members of the Lincoln-Way varsity basketball squad can relax now and direct their attention to the clash coming up Monday night, March 5, when they tangle with the faculty in a benefit game, in the home gym.

The varsity is still smarting from the defeat suffered at the hands of the teachers last year and are hopeful of getting revenge. On the other hand the faculty is all set to make in two in a row.

Play is scheduled to begin at 8 o'clock Monday night and

those in charge of the affair are hopeful that it will attract a large gate. Proceeds from the game will be turned over to the L-W junior class to help that body meet expenses for the Junior-Senior Prom next May.

The Lions Club-Faculty benefit basketball game played recently at Lincoln-Way had a large attendance and promoters of the Varsity-Faculty tilt are hoping for equal success.

The faculty players are far from being a set of ump-chays, and play a pretty good brand of ball. If the varsity takes the teachers they will have to work

JOLIET TAPS OAK LAWN

Another member of the Southwest Suburban conference has bit the dust. Oak Lawn was defeated by Joliet high school 82 to 73 in the regional basketball tournament at Joliet on Tuesday night.

The game was closer than anticipated by the sports writers. Joliet only led by two points at the close of the first frame, 20 to 18. At the half, Joliet was on top 44 to 38 but in the third quarter the hosts popped in 16 points to Oak Lawn's 10 to make the count 60 to 48. Oak Lawn outscored Joliet 25 to 22 in the final period.

Joliet's center, James, was a high point man for the game with 21—six buckets and nine free throws. Aldridge, a guard for Oak Lawn was next with seven baskets and six free tosses for a 20-point total.

Mokena Lights Finish Fourth In Steger Meet

The Mokena Meteors finished a very busy week of tournament play at Steger with the Lights capturing fourth place and the heavies losing in the quarter finals.

The Heavies defeated Crete 32 to 21 in the first round, but dropped a very close decision to Cottage Grove 32 to 30. The loss was a bitter one because Mokena rallied from a 22 to 6 half-time deficit to come within two points only to have time run out on them. Seaveston led the Heavies with 19 points in the two games.

The Lights won their first test from Glenwood by a score of 44 to 27. Schuldt led all scorers with 22 points and Kru-zich contributed 14 to the winning total.

The quarter final round found Mokena downing Mt. Carmel 32 to 11. Schuldt and Ford tied for scoring honors with nine

points apiece while Powers chipped in with six.

The semi-final round was played against the host team Steger and proved to be the most exciting game of the entire tournament. Mokena lost by a 38 to 33 score but only after a stirring rally that had every fan in the gym cheering at the end. Steger was quite a bit taller than the Meteors and at the beginning of the game seemed to control the play. Steger led 12 to 6 at the quarter and half way thru the second period had increased this advantage to 20 to 8. At this point the Meteors caught fire and closed the half trailing only 22 to 17. Mokena continued to outfight and outplay their taller opponents in the third quarter and managed to close the score to 30 to 28 when the period ended. A basket by Powers tied the game soon after the fourth quarter started but a Steger free throw gave them the lead 31 to 30. Schuldt sank two free tosses to give Mokena the lead only to see Steger tie the score again.

Both teams played very fine defense and neither could score again until with 35 seconds to play Schuldt was fouled and made one point to give the Meteors the lead 33 to 32. Just as the Mokena fans sensed a victory and their team entering the championship finals the Steger sank a basket to recapture the lead. Mokena was unable to score when Steger gained control of the ball Mokena was forced to foul in an effort to pull the game from the fire. Steger added four more points on free throws and the game ended on a sad note for Mokena.

The Meteors lost to Crete in the consolation game, which followed the next day 55 to 32. The team seemed tired and sparkless after supreme effort of the night before. They were able to play a fairly good first half and trailed only 25 to 18

S.W. Coaches Give Rich And Eagles 2 Places on All-League Cage Team

Carl Sandburg and Rich have two representatives on the All Opponent-All Conference basketball team chosen by the coaches of the Southwest Suburban league for the season just ending. Bremen won one place and so did Reavis. The coaches chose six for the first team.

Don Gee, of Sandburg, and Lloyd Rose, of Rich, were selected as centers.

The forwards are, Dick Peld-

zus, of Reavis, and Ron Weingartner, of Sandburg.

The guards are, Bill Hawkins, of Rich, and Bill Lindsay, of Bremen.

Five players, three from Reavis and two from Bremen, drew honorable mention.

The Oak Lawn members in this contingent are, Tom Campbell, Bob Collier and Gordon Erickson. The two Bremen players are Lester Borms and Dick Graham.

Sandburg Dads and Teachers to Play Benefit Cage Tilt Saturday

A basketball game—that is how it is billed—is to be played Saturday night, March 3, at Sandburg high school between the male members of the faculty and the fathers of Sandburg students.

Proceeds from the game will be for the coming Athletic banquet and the Athletic fund.

The cause is good, the promoters point out, and while it is doubtful that any of the pro teams will have scouts in the bleachers Saturday night, the spectators should have an enjoyable evening.

It is claimed that both squads are ready, which some interpret

as meaning that they are as ready as they will ever be. Both sides look good—according to past performances—but the performances date back several years.

Cheer leaders will be drawn from the ranks of the Sandburg mothers and the teachers and it was pointed out that this part of the program should be worth the price of admission by itself.

There will be a preliminary game between teams drawn from the grade school basketball teams in the district.

The curtain raiser is scheduled to begin at 7 o'clock.

St. Jude's to Enter Haven Cage Tourney

New Lenox, will enter the grade school tournament at Haven school, beginning March 7. The team is made up of Lester Brown, Larry Surges, Howard Mann, Mike Merfeld, Bob Wondrasek, Bernard Wahl, Pat Warren, Donald McGowan, Ronnie Miller, and Dennis O'Connor.

New Lenox Riding Club Wins Awards At Orland Show

Members of the New Lenox Riding club competed in the Society Horse show sponsored by the Woodlawn Valley stables at Orland Park Sunday afternoon, and returned home with ribbons and trophies.

Classes were for English riders only at this show, and four members of the local club participated.

In the Pair class, with five pair entries, Mr. and Mrs. E. C. Olsen, with Mrs. Clea Olson riding Ginger Play Girl, and Mrs. Frances Polish of Joliet, riding Dare-a-Lee, took the blue ribbons and trophies.

In the Open Pleasure class with ten entries, Ginger Play girl, ridden by Mrs. Clea Olson, took first place.

Rose Bud, ridden by Gerald Delaney from Manhattan took second.

In the Junior Pleasure class, with 14 entries, Rose Bud with Kay Delaney of Manhattan took second.

Dare-A-Lee with Francis Polish of Joliet riding, took fifth. John W. Corrigan of Oak Park, was the judge.

Pick Winners In Spelling Contests

Betty Anderson, 13, of Marley, eighth grade pupil at Hadley school was winner of the spelling contest held there Monday night and at New Lenox, Janet Lord, 13, an eighth grade pupil at St. Jude's school was the champion.

These youngsters will now compete in the sectional spelling bee at Ludwig school March 12. This is all a part of the Will county spelling contest sponsored annually by the Joliet Herald-News.

Both girls had previously won their school contests, Betty twice before and Janet once.

Betty is the daughter of the Eugene Andersons, Alma Lauffer, eighth grade pupil at Hadley, is the alternate in that school. Mrs. Iola Storm and Mrs. Randall Storm were the judges and the words were pronounced by Mrs. Dorothy Lynch of the Lockport high school faculty.

Marcella Troutman was the winner and Jean Lauffer the alternate in the fourth and fifth grade contest at Hadley. St. Jude champion is the

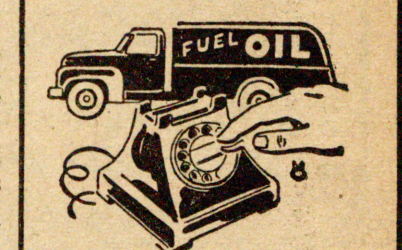

daughter of Mr. and Mrs. Edmund Lord. The alternate at St. Jude's is Dennis O'Connor, also a pupil in the eighth grade. He is the son of Mr. and Mrs. Daniel O'Connor of Cherry Hill.

Wisconsin Tax Climate Freezes Out Industry

Because of high taxes, Wisconsin has lost a new million dollar automotive parts manufacturing plant to Illinois.

The Warner Electric Brake and Clutch Company is building a new plant on a 64 acre site in Illinois, three miles south of Beloit, Wisconsin, according to the Beloit Daily News which quoted company president Steven P. J. Wood as follows:

"We looked at several sites in Wisconsin but the cost of manufacturing in the state made it extremely uneconomical for us to operate there. The state lines and gain advantages by tax situation makes it much

more advantageous to locate in Illinois. Because of this we were forced to bypass Wisconsin."

Pointing out that each new plant in Illinois means more work for the Illinois construction industry more jobs for Illinois workmen, better business for banks, more sales for Illinois retailers, increased sales tax receipts for the State government, and a larger tax base for local governments, the Taxpayers' Federation of Illinois urges, "Let's keep it this way. Let's keep the favorable tax climate in Illinois so that business and industry that is being driven out of Wisconsin and Minnesota and other high tax states will continue to migrate to Illinois. It can be done—provided vociferous minorities in Illinois can be prevented from continually expanding state and local government into nonessential services for their own special interest."

U. of I. Prospects Can Take Physical Exams at Home

Pre-registration physical examinations for new University of Illinois students may be given by their own physicians under a plan effective this fall.

Since 1918 all students have been required to take an examination given by the University Health service. It will continue to give these without cost, but new students may avoid long lines and gain advantages by having examinations at their

own expense by their home physicians.

Time saved by the student will be available for other activities during the busy time of orientation and registration. Special needs such as glasses or dental repairs can be noted and taken care of before the student comes to the campus. In some cases medical reasons may indicate postponement of registration, saving time and money.

The University Health service will provide forms and instructions on request, and will continue to give chest x-rays to all new students. Where examination reports indicate a need, it will give follow-up examinations.

Letters explaining the plan are being sent to every county medical society in the state.

Lean hogs will grow as fast as fat hogs.

For many small business men, who have no place to turn in time of disaster, the Red Cross and its small business grants means the chance to rebuild and live again. Total loss—then Red Cross.

Guess who said:

"What's so hard
about hanging up
a wash?"

Let an ELECTRIC Dryer do the work on washdays—

Electric heat's the cleanest, fastest, dryest heat there is... and electric dryers cost less!

As most husbands eventually discover, hanging up an average family laundry (87 lbs. of wet wash) is WORK.

But drying heavy, wet wash is quick and easy with an electric dryer. Just load it up, set the controls and your clothes dry automatically in minutes.

Your electric dryer is ready day or night, good weather or bad. And controls are so accurate you can dry the most delicate fabrics without a worry.

Electric heat is cleanest. Faster, too, because it's the *dryest* heat. Clothes dry soft and fluffy, sweet and fresh.

You can own an electric dryer for less than \$2 a week! Installation is little in any home with good wiring.

Electric Dryers Cost Less—no outside vent needed. Fully Automatic—no igniting devices necessary.

PUBLIC SERVICE COMPANY

"LITTLE BILL" says "Dry clothes electrically for pennies a day!"

Save important money with new share-the-cost installation plan. If you need new wiring to install an electric dryer, we share the cost with you. Qualified home owners can cut this expense by about half. And you get more than a money saving! The modern wiring that goes with your dryer installation helps improve your TV picture, brightens lights, makes everything electrical work better. And you can install an electric range, water heater or air conditioner (that requires a 240-volt circuit) quickly and cheaply. The Plan is now available on terms of up to 2 years. Dairy cows that calve in fall
and winter are in heaviest pro-
duction when milk supplies are
lowest and prices highest, points
out a University of Illinois dairy
specialist.

Increased Fluid Milk Sales Aid to Producers

Increased fluid milk sales last
year brought dairy farmers
shipping to the Chicago market
one million dollars more in total
income than they would have
otherwise received. This report
was given at Manhattan last
week to members and wives at-
tending the annual meeting of
District 13, Pure Milk associa-
tion, by A. L. McWilliams, gen-
eral manager.

He said, "Because of these in-
creased sales, price increases
from federal order changes and
the operation of the level pro-
duction plan, the blend price
of milk last year was seven-
and-one-half cents a hundred
better than in 1954."

But McWilliams warned that
increased production in the last
quarter of the year could bring
surplus milk in 1956 and lower
prices unless "all of us take
cooperative action to meet the
problem." Altogether there were 1400
fewer producers shipping to the
market in December than in
the year previous, there was
14 per cent more milk shipped
by those remaining.

He pointed out four areas in
which the Association could

work to meet the prospect of
increased production:

1. Make every effort to in-
crease fluid milk sales thru ad-
vertising and promotion. In-
creased sales of fluid milk in
1955 averaged almost 11 million
pounds per month more than
in 1954. McWilliams gave a great
deal of credit for this accom-
plishment to the vigorous ad-
vertising-promotion in the Chi-
cago market. PMA alone, he
added, spent \$250,000 in such ef-
forts.

2. Develop new products and
find new markets for milk. He
related the Association plans to
market concentrated milk in the
south shortly. It has cooperated
with the University of Wiscon-
sin in experimental work.

3. Expand PMA participation
in retail distribution of milk if
necessary. "We don't want to
take over the handling of milk,"
McWilliams stated, "but we
should be in a position to ex-
pand if we want to."

4. Ask for stiffer regulations
on milk plants participating in
the Chicago pool if they want to
demand the Chicago price. The
PMA spokesman said many of
the plants don't make milk
available to the pool when it
is needed, add to surplus prob-
lems in the spring, yet want
the price benefits.

PMA's general manager listed
bulk tanks as a continuing prob-
lem in 1956. "Four plants closed
because of the bulk tank devel-
opment last year and more will

close in 1956," he said. "But
we are ready for changes it
will bring. We have a bulk tank
financing plan for members who
want to convert. We have got-
ten distributors to provide a 10-
year warranty on the tanks; and
we have agreement of milk deal-
ers to give a written premium
guarantee for bulk milk of at
least 15 cents a hundred over
can milk."

Currently, PMA is receiving
bulk milk in 10 of its 15 receiv-
ing plants including those at
Mazon, Kankakee and Lisle.
Bulk premium in those plants
is 25 cents a hundred.

Speaking to can shippers,
McWilliams assured them, "PMA
will provide a market for your
milk so long as there is any
reasonable need."

Walter E. Winn, PMA presi-
dent, and Richmond, Ill., dairy
farmer, talked about national
legislation and the Soil Bank

proposal. He said, "The Soil
Bank Plan is an effort in the
right direction for meeting dairy
and agricultural problems. We
should give it every assistance,
but not expect too much from
it. He said some solution must
be found, other than the present
dairy program.

Band Candy Sales

At an assembly March 2, the L-W Band will officially begin its sales of candy bars. The big bars are of milk chocolate; the wrapper will display a picture of the band.

Jim Cooper, president of the band, announced that Ken Case would serve as general chairman and captain for the Manhattan area. Other captains appointed were Jeanette Slevett, Frankfort; Roger Swart, Mokena; and Linda Ruhle, New Lenox.

Call these captains or any member of the band if you have not been contacted.

WLS Barn Dance

The Lincoln-Way chapter of the Future Farmers of America are planning to attend the WLS National Barn Dance on March 31. They are planning to attend the late show starting at 9:30 p.m. and lasting until midnight. Two buses will be taken and it is hoped that there will be enough students to fill both of them. The cost of the tickets will be one dollar. Betty Lichtenwalter and Sheila Bennett are acting as cashiers.

Band Tour

Many citizens last week witnessed a project of great organization but it appeared as utter confusion.

Members of the band could be seen frantically assembling or taking apart horns, loading horns, stands, music and making a final dash for the bus.

On Feb. 17 (an ordinary day probably to many), members of the band upon arrival at school, quickly dressed in their band uniforms and prepared to board the caravan consisting of Cullison's truck and Bus No. 6.

At New Lenox besides compositions of serious nature such as "Eroica" and "Colorama," the band presented a novelty entitled

ed "Uncle Tom's Cabin." John Oster, superintendent of the New Lenox grade schools, directed the band. After starting them out on only one difficulty arose. Mokena to them! Eighth grade members of the New Lenox grade school band joined for a final selection.

After a frantic rush to Manhattan, the group presented a similar program. Otto Mattei, director of the Manhattan grade school band, led them in two marches. Members of his band looked over the shoulders of the L-W bandmen to see just how it was done. The band took about 45 minutes for lunch and arrived at Frankfort ahead of schedule, tho the caravan was slowed for repairs on Cullison's truck. Frankfort students when asked to join the band almost crowded them off the stage.

At Mokena the crowded gym witnessed a fine program in addition to the fine guest conducting of Glenn Meyers, band master of Mokena's small but growing band. The program closed with a number dedicated to the band members who stood by the high school boys and girls. The musicians returned in a sleet storm, tired, in some cases wet, but happy with the success of the tour.

How Good Is Your Gasoline

During the past week the chemistry students at Lincoln-Way have been studying and experimenting to determine what makes a good gasoline.

They have been determining boiling points and flash points in the laboratory and studying structures of molecules which make for easy starting, efficient running, and excellent antiknock properties.

Special attention has been given to additives which are so numerous in all modern gasolines. Is triethyl phosphate (TCP) or tetraethyl lead a better additive for gasoline?

Another important factor of the chemistry of petroleum is the small per cent of gasoline in crude petroleum. Several methods make it possible to secure additional high test gasoline. These methods include cracking (i. e. breaking apart large molecules to form smaller ones) and polymerization (i. e. combining extremely small molecules to form gasoline molecules.)

Chemistry students can now answer the question—How good is your gasoline?

B. E. Day

The teachers of Lincoln-Way, together with teachers in public and parochial schools all over Will County, will participate in the annual Business Education Day on Wednesday, March 7.

B. E. Day is a full day devoted to a study of business and industrial firms by all the teachers of the county. It provides an opportunity for teachers to become better acquainted with all the various firms in the area, problems related to organization distribution of products, personnel problems, management problems, etc. About ninety host firms are planning carefully to make this a worthwhile day for all teachers.

Each firm builds its own program for B. E. Day, striving to provide a variety of new and interesting experiences.

The day has been declared an institute day by County Superintendent, Verne Crackel and will be a holiday for students in the area.

At Science Fair

Several students from Lincoln-Way plan to exhibit their science projects at the sixth annual Science Fair in the east hall of the College of St. Francis at Joliet from 12:30 p.m. on March 24. The fair is sponsored jointly by the American Chemical Society and the Baconian club. Over \$100 in awards will be given to the winners. The public is invited to attend.

The Baconian club of the College of St. Francis will be host to the fair. The fair is open to all high school or college students of Joliet and the surrounding area. The students may exhibit a project from any of the fields of natural science, constructed by themselves. The judging will take place on Sunday afternoon, March 4.

The judges are members of the American Chemical Society from the Argonne National Laboratory in Lemont.

The banquet held for members of the American Chemical Society will be held Friday night. Mr. Neil Hardy, Jim Cooper and Rudy Guzik will attend the banquet. Jim Cooper and Rudy Guzik received honorable mention in the National Science Talent Research Contest. The program consists of lectures given by the college students of Joliet. Junior College, Lewis College, St. Procopius and St. Francis.

Number Lover's Corner

Answers to last week's quiz:
1. One cube and one sphere. The relative weights by observation and algebraic solution are cylinder equals 13 units; cube equals 8 units; sphere equals 4 units; cone equals 3 units.

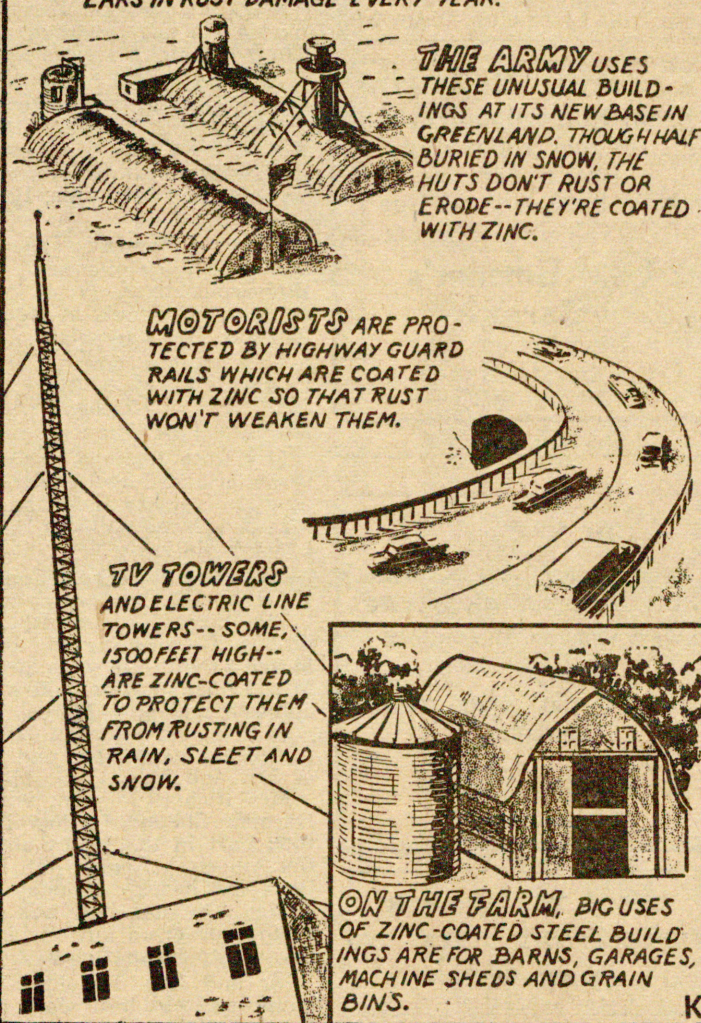

2. The Dalquid holds four times the amount of blumph than a Quiddal can hold. Reducing all duffs into their equivalent of plups and finding the volume of each in cubic plups, a Quiddal has a volume of 4 cubic plups while a Dalquid can contain 16 cubic plups.

A word to describe these is "parallelepipedon."

Now a few in logical reasoning.
1. The painted cube.
A wooden cube is painted black on all faces. It is then cut into 27 equal small cubes.

ZINC--USED AS A COATING TO PROTECT IRON AND STEEL SAVES AMERICANS BILLIONS OF DOLLARS IN RUST DAMAGE EVERY YEAR.

THE ARMY USES THESE UNUSUAL BUILDINGS AT ITS NEW BASE IN GREENLAND. THOUGH HALF BURIED IN SNOW, THE HUTS DON'T RUST OR ERODE--THEY'RE COATED WITH ZINC.

MOTORISTS ARE PROTECTED BY HIGHWAY GUARD RAILS WHICH ARE COATED WITH ZINC SO THAT RUST WON'T WEAKEN THEM.

TV TOWERS AND ELECTRIC LINE TOWERS--SOME, 1500 FEET HIGH--ARE ZINC-COATED TO PROTECT THEM FROM RUSTING IN RAIN, SLEET AND SNOW.

ON THE FARM, BIG USES OF ZINC-COATED STEEL BUILDINGS ARE FOR BARN, GARAGES, MACHINE SHEDS AND GRAIN BINS.

How many of the smaller cubes are found to be painted, on three faces, two faces, one face, and no face?

2. Gleepers and Plonths. Remember the old one about the brick that weighed a pound and half-brick? Well, if from that you figured out how much a brick and half weighed, you won't have any difficulty with this one.

If a GLEEPER is as long as two PLONTHS and a half GLEEPER, and a Blahmie is as long as two GLEEPERS and a half Blahmie, and a POOSTER is as long as two BLAHMIES and a half POOSTER, then how many PLONTHS long is a half POOSTER?

It may help you to make a sketch.
3. Making a Chain. I have six sections of chain, each consisting of four links. If the cost of cutting open a link is 10c, and of welding it together again 25 cents, how much will it cost me to have the six pieces joined into one chain?

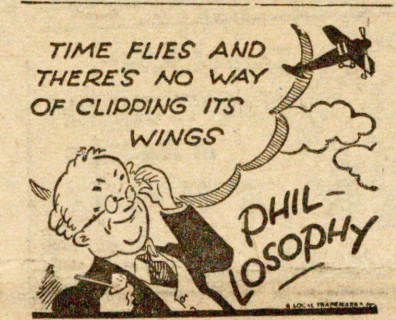

Nat'l Tea Sales Break Record

Record breaking sales for the 13th consecutive year for National Tea Co. were revealed today when H. V. McNamara, president, announced an all-time high in sales volume for the year of 1955 totaling \$575,585,266. This is the largest volume of sales in the company's

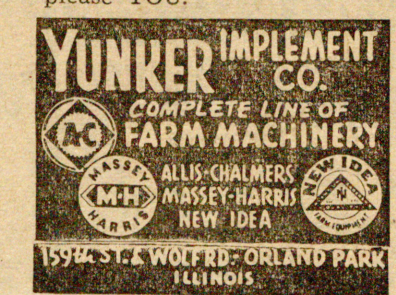

56 year history, and tops 1954 sales of \$520,300,324 by \$55,284,942, a gain of 10.62 per cent for the year.

National Tea Co. consolidated for the four week period ending December 31, 1955, likewise were the largest of any four week period in the company's history, amounting to \$50,353,484, as compared with \$42,804,732 for the corresponding period of 1954, and an increase of 17.25 per cent.

National Tea Co. has been

travelling at an accelerated sales rate of nearly \$1 million gain per week throughout the year 1955, and was able to maintain and better this improvement during the final 13th period of the year.

As the year closed, the company reported 744 stores in operation as compared with 711 stores operated at the same time last year. During the year 1955, 83 new National Food Stores opened for business in the various branch territories of the company with all branches contributing new stores to the overall picture. Of the 83 new stores opened, 56 were new locations and 27 were relocations of former stores which had become outmoded or outgrown.

Lecture Series at Museum to Begin Sunday

The Museum of Science and Industry, 57th and Lake Michigan, will present its annual series of spring lectures on Sunday afternoons starting March

4 and closing March 25. Sponsored by the Chicago Technical Societies Council, the series of popular science discussions will feature prominent Chicago area authorities on a variety of current interest topics. Lectures will be held in the Museum west wing theater at 3 p.m. and admission to both the Museum and the lecture is free.

Dr. Walter McCrone, of the Armour Research Foundation, noted industrial microscopist will open the series on March 4 with a discussion of "Crystals in Nature". He will show color-sound movies of his research at the Foundation and will actually grow crystals which will be projected on a screen as part of his demonstration. The structure of crystals is a complex engineering task and solving nature's methods has enabled the scientist to produce synthetically many chemical products in the laboratory.

Dr. Llewellyn Heard, of Whiting, Ind., research chemist for Standard Oil Co. will give his famous "Fire Magic" show on March 11. He punctuates his droll explanation of combustion with smoke rings, green flames and a variety of minor explosions to show the complex research involved in determining the nature of combustion, and what industry is doing to get more energy from fuels.

Chicago's popular "Mr. Weatherman", Clint Youle will discuss the vagaries and problems of

forecasting local weather on March 18, in a talk entitled "Nobody Likes Chicago Weather".

The series will close March 25 with a discussion of "Our World of Color" by Walter C. Granville, of Container Corporation of America. The influence of color in product design and merchandising and the relationships between colors and their impact on today's living will be treated and give generously now.

by this internationally known authority. Question and answer periods will be held after each lecture.

Red Cross answers the call of a lonely soldier away from home; the call of a hungry child crying for food; the call from the sick who need blood and all who call out for help. Won't you answer the Red Cross call on today's living will be treated and give generously now.

Mrs. Katharine Heisner
Frankfort 4902

Thru error an incorrect list was given in last week's issue of those who would serve at the Women's Guild meeting held Wednesday in St. Peter's Evangelical church. The women who served were, Mrs. Burton Breidert, chairman, assisted by the Mesdames Walter Harnack, Orville Schroeder, Richard Oetter, Bert Larson, William Diest, Albert Lemke, Henry Knater, Oran Diest, Edward Warning, Leroy Hansen, Walter Minger, George Sangmeister, Sr., Glenn Folkers, Emil Deist, George Eisner, Leonard Pearson, George Heisner, G. A. Hossbach, William Bettenhausen, Philip Triem, Clara Ben-

nett, Andrew Eisenbrandt and Christine Eichberg.

The American Legion Auxiliary will meet in the village hall Thursday, March 8 at 8 p. m. Mrs. Charles McManimen will preside.

Mr. and Mrs. William E. Bettenhausen are parents of a seven pound, 14 ounce son born in Silver Cross hospital Feb. 24. He has been named Steven John.

Robert Bizer of Sycamore spent the week end with his parents, the Rev. Bizers.

Mrs. Anne Warns of Chicago is a guest of Mrs. Andrew Eisenbrandt this week.

Mrs. Glenn Ferrell entertained the neighborhood boys at a dinner Saturday and later took them to a movie at Park Forest, in honor of her son Donald and his ninth birthday. Sunday afternoon Mrs. Ferrell entertained classmates of her daughter Sherri who celebrated her 11th birthday in her home. The afternoon was spent playing various games with refreshments being served. Both celebrants received many nice gifts.

Marie Bettenhausen, Blanche Mitchell and Katharine Heisner spent Sunday afternoon with Mrs. Kate Brandau in Orland.

The WSCS of the Methodist church will have a bake sale Saturday, March 3, in Finks Novelty store (old post office) beginning at 2 p. m.

Cathleen Ann was the name given the infant daughter of Mr. and Mrs. Melvin Eisenbrands when she was baptized Sunday morning in St. Peter's Evangelical church by the Rev. Bizer. Sponsors were Miss Vivian Eisenbrandt and Melvin Schroeder of Glenwood. A dinner was served in the baby's grandparents home. Mr. and Mrs. Victor Eisenbrandt. Guests were beside the sponsors and parents, the maternal grandparents, Mr. and Mrs. Henry Schroeder of Glenwood, the great grandmother, Mrs. Andrew Eisenbrandt and Miss Sally Pearson of Glenwood.

Mr. and Mrs. William Seeman Mr. and Mrs. Harry Miller, and daughters and Mr. and Mrs. Orville Schinkowski gathered in the home of Mr. and Mrs. Fred Schinkowski Sunday evening to help the latter celebrate her birthday. Cards were played and lunch was served.

Mr. and Mrs. Robert Schweizer spent Saturday evening with Mr. and Mrs. Fred Piepenbrink. A/R Richard Schweizer who has spent a 30 day furlough at home left Tuesday for San Francisco where he will sail for Japan.

Mrs. Cora Nelson, son John of Beecher and Mr. and Mrs. Nels Nelson of Grant Park were dinner guests Sunday of the Fred

"Look all ways before crossing," is a good safety rule for all of us to practice. More than half the accidents in urban areas involve pedestrians and many of these occurred because the pedestrian failed to look before crossing the street. The poster, pointing out the importance of this safety rule to school children, is being distributed by the Chicago Motor Club to more than 44,000 elementary school classrooms in Illinois and Indiana.

Piepenbrink family. In the afternoon Mr. and Mrs. Elmer Piepenbrink of Chicago Heights joined them.

Mr. and Mrs. Henry Heusner entertained Mr. and Mrs. Charles Hollstein of Beach, North Dakota. Miss Florence Hollstein and Mrs. Gilbert Sayers of Orland Park at dinner Sunday. The Charles Hollstein have made their headquarters with Miss Hollstein for a week, while visiting with relatives in this vicinity.

Janet Folkers spent the week end with Miss Dorothy Eldred at Beloit, Wis., a former classmate at the William Woods college.

Mr. and Mrs. Donald Freeh moved this week into their newly built home on Pacific street.

Mr. and Mrs. Fred Heusner celebrated their 40th wedding anniversary Sunday with a dinner at "The Barn". Their guests were Mr. and Mrs. Burton Breidert and Bobby, Mr. and Mrs. Henry Breidert and Mr. and Mrs. Ernest Pfeiffer of New Lenox. In the evening a group of relatives and friends gathered in their home for a social evening in honor of the occasion. Later refreshments were served.

The Honey Bees 4H club of Frankfort will meet March 2 in the Methodist church at 7 p. m. Mrs. Betty Shinn, Home Advisor will be the speaker. The hostess will be Norma Jean Smith and Betty Chapman. Any girl, age 10 through 20 by July 1 may join.

Mr. and Mrs. William E. Bettenhausen are the parents of a son born in Silver Cross hospital, Joliet, Feb. 23. He weighed seven pounds, 14 ounces and has been named Steven John. During their mother's absence, the Bettenhausens' other sons, Roger 5 and Larry 3 are visiting with their grandparents, Mr. and Mrs. Emil C. Bettenhausen in Tinley Park.

sound recordings, and an extensive collection of material about Abraham Lincoln.

President David D. Henry of the university said, "The Sandburg collection is a rich source for scholarly study in contemporary literature, and will greatly enhance the University's work in this field. It also will be a continuing memorial to one of America's most prominent citizens and one of the best-known interpreters of American life. It is fitting it should come to his home state."

Here's An Answer To Cuticle Problem

Rough, splitting cuticle that catches and tears may respond to a weekly lotion routine. Begin your cuticle care program by pouring a small amount of creamy baby lotion into a cup; then dip fingertips in the lotion keeping them there while you watch your favorite television program.

After the softening lotion bath, wash the hands with warm soapy water. Use the ball of the thumb to push the softened cuticle back. A weekly babying with baby lotion will keep cuticle soft and pliable.

Then, every day, after washing your hands, use a rough terry towel to ease the moist cuticle back gently from the nail. Every night, rub around each fingertip with the same softening lotion. Following these daily rituals faithfully helps coax nail "moons" into the picture.

Why A Heart Fund?

Today there is great hope for hearts. Even if you aren't an expert in medical affairs, you probably know that all "heart attacks" are not fatal, that most victims, in fact, survive and return to active lives. You also probably know that some forms of the heart diseases can be prevented, and that almost all cases can be helped by early diagnosis and treatment.

As laymen we accept these facts today because we are no longer blinded by the misconceptions about the heart disease that have come down to us through the years, and because so much has been learned about the heart diseases the past few years. The misconceptions are recognized as fables now because such responsible organizations as the Illinois Heart Association, thru public education programs, have taught us the truth.

But broad education is only part of the work that our Heart Association has accomplished in its few years of operation. First priority in its program is research into which the Association has channeled more than \$13,000,000 since 1948. Some of that research has led to remarkable life-saving advances in surgery. Want to Know About Weather?

Just Consult the Birds and Bees

John W. Allen, of Southern Illinois university who has been doing an interesting and informative series of articles under general heading, "It Happened in Southern Illinois," recently wrote a piece about birds, insects, beasts, and weather.

But for the fact that he starts it out with a dissertation on the groundhog and his forecasting ability, his article would be reproduced in its entirety, but groundhog day is past. At least it is past in Illinois, and for that matter most everyone regards Feb. 2 as Groundhog Day. But there are many in Arkansas, for instance, who hold that the groundhog does his weather prognosticating on Feb. 14. Of course this enables him to send out his forecast in the form of a valentine—a nice one if spring

is just about to enter on the seasonal stage, a not-so-nice one if he sees his shadow and returns to bed for another six weeks' nap. But for most of the country Groundhog Day is behind us.

The rest of Mr. Allen's piece, however, is good anytime, dealing as it does with insects and fauna who also do weather forecasting in their spare time and are just as unreliable as the groundhog, or for that matter, the almanac makers and the regular and official meteorologists.

Mr. Allen points out that while the Groundhog's forecast is a once-a-year affair, the other animals and insects that go in for foretelling the weather, work more or less on a day-to-day basis and therefore are more use to man. So here goes for a few signs, as set forth by Mr. Allen, and we quote:

"When robins repeat their call 'Three Days', it is sign that rain is coming. When they build their nests near the trunk of a tree, it means a rainy season. If they build low, expect a windy summer. Some, however, do not regard the robin as a particularly good harbinger to have about and say they had rather see the devil than a March robin. If earthworms make mounds of earth at the entrance to their burrows, it indicates rain. Ant hills, on the other hand, indicates fair weather.

The height of a beaver dam (such as those at the foot of Pine Hills) above the waterline of the pond well indicates the amount of rainfall to expect. When cows lie down in the field, they indicate that rain is coming. If they run back and forth across the pasture with tails straight out, expect severe winds. Cobwebs on the grass and covered with dew in the early morning also indicates rain. If spiders are observed going up a wall of a room, expect the temperature to fall; if they go down, it will grow warmer.

"Many peeping frogs in the early spring indicate a dry year. Such frogs always peep too early and may expect to be frozen in three times, after their first peep. When a great chorus of them peep at night, expect rain the next day. Geese flying north indicates spring is near. One of these geese killed as they move south in the fall of the year will likewise yield a key to the winter's weather. The darker the breastbone the more severe the approaching winter. The more this dark bone is mottled with white, the more snow will come. If no breastbone of the goose is available, you may inspect the squirrel's store of nuts. A large store indicates a hard winter. Thick walls of muskrat houses also indicate a severe winter. Katydids and tree frogs enable one to foretell the time when winter may be expected. Katydids begin to call exactly three months before frost; tree frogs six weeks before winter weather is due.

"The lowly rooster is also a good weather prophet. Crowing at night, he foretells rain. If he crows on the ground, rain will come down; if on the fence, the rain will go hence. Should you ever see him stand on one foot, expect showers. When a hen comes out in the rain, it will rain the next day. When she 'oils her feathers' it is a sure sign of rain. But if she chooses to stay out in the rain, it will be only a shower. A dog eating grass or chasing his tail around in a circle means rain, just as does the hard biting of flies.

"With these and myriad other weather signs available to the observant person, no one should be surprised at any turn the weather may take.

Here They Are—the First 100 Auto Licenses

Secretary of State Charles F. Carpenter has announced the assignment of 99 of the first 100 motor vehicle license numbers for 1956. Assignment of number 6 has not been completed.

There were only two changes in the list. License number 12, which had been registered in the name of Empire Associates of Chicago, is now listed in the name of R. E. Stoklin, an official of the company.

License number 40 was assigned to Florence G. Kipfer of Evanston, daughter of the late Lucy F. Greenberg of Evanston, who held it in 1955.

The other 97 registrants used the state's re-assignment law to retain their numbers for another year.
